

# Side Guard | J-5051601A

## Product Images

---

## Description

---

Side guard (white) for JET belt sanders. Protects side of sanding belt bracket assembly. This is an authentic replacement part made by the original manufacturer. Be sure you have the correct part, as many tools contain different parts of the same type. For installation steps and tools, related parts and precautions, refer to your owner's manual and model schematics.
