

JBC-1, 1-Ton Beam Clamp

Product Images

Description

JET JBC Series features a more robust construction for increased durability and longer life in demanding industrial environments. The JBC Series Beam Clamps come in capacities from 1 ton to 5 tons and can accommodate a beam up to 10 inches wide. Each JET Beam Clamp Jaw is designed to distribute the load away from the beam flange and adjusts easily for a wide range of standard H or I beams.
