

## JBC-2, 2-Ton Beam Clamp

## Description

---

JET JBC Series features a more robust construction for increased durability and longer life in

demanding industrial environments. The JBC Series Beam Clamps come in capacities from 1 ton to 5 tons and can accommodate a beam up to 10 inches wide. Each JET Beam Clamp Jaw is designed to distribute the load away from the beam flange and adjusts easily for a wide range of standard H or I beams.
